## **Enphase President and CEO Paul Nahi Named EY Entrepreneur Of The Year® 2015 Award Semifinalist in Northern California**

*Ernst and Young Award recognizes the country's most innovative business leaders*

PETALUMA, Calif.--(BUSINESS WIRE)-- [Enphase Energy, Inc.](#) (NASDAQ:ENPH) is proud to announce that Enphase President and CEO Paul Nahi is a semifinalist for the EY Entrepreneur Of The Year® 2015 Award in the Northern California region. The awards program recognizes entrepreneurs who demonstrate excellence and extraordinary success in such areas as innovation, financial performance and personal commitment to their businesses and communities.

Paul Nahi was selected as a semifinalist from 100 nominations by a panel of independent judges. Award winners will be announced at a special gala event on June 11th at the Fairmont San Francisco.

"It is an honor to be acknowledged for the innovation and entrepreneurial achievements that the Enphase team has accomplished in the rapidly evolving global renewable energy market," said Paul Nahi, president and CEO of Enphase. "We are committed to the vision of delivering connected, intelligent solar energy systems that meet the planet's growing demand for renewable energy resources."

Now in its 29th year, the program has expanded to recognize business leaders in more than 145 cities in more than 60 countries throughout the world.

Regional award winners are eligible for consideration for the EY Entrepreneur Of The Year national program. Award winners in several national categories, as well as the EY Entrepreneur Of The Year National Overall Award winner, will be announced at the annual awards gala in Palm Springs, California, on November 14, 2015. The awards are the culminating event of the EY Strategic Growth Forum®, the nation's most prestigious gathering of high-growth, market-leading companies.

### **About Enphase Energy, Inc.**

Enphase Energy delivers energy management technology for the solar industry that increases energy production, simplifies design and installation, improves system uptime and reliability, reduces fire safety risk and provides a platform for intelligent energy management. Its semiconductor-based microinverter system converts energy at the individual solar module level and brings a system-based high-technology approach to solar energy generation, storage, control and management. ### **About EY Entrepreneur Of The Year®**

EY Entrepreneur Of The Year is the world's most prestigious business award for entrepreneurs. The unique award makes a difference through the way it encourages entrepreneurial activity among those with potential and recognizes the contribution of people who inspire others with their vision, leadership and achievement. As the first and only truly global award of its kind, Entrepreneur Of The Year celebrates those who are building and leading successful, growing and dynamic businesses, recognizing them through regional, national and global awards programs in more than 145 cities in more than 60 countries.

### **About EY**

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY refers to the global organization and may refer to one or more of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. For more information about our organization, please visit [ey.com](http://ey.com).
