

Enphase Energy Announces Shipment Milestone with Salcomp

August 1, 2022

FREMONT, Calif., Aug. 01, 2022 (GLOBE NEWSWIRE) -- [Enphase Energy, Inc.](#) (NASDAQ: ENPH), a global energy technology company and the world's leading supplier of microinverter-based solar and battery systems, announced today that Salcomp, a global high-precision manufacturer, has shipped more than five million Enphase IQ[®] Microinverters. Since early 2020, Salcomp's factory in Chennai, India has manufactured Enphase[®] Microinverters and other components for the North America, Europe, and Asia Pacific markets.

"We are pleased that our collaboration with Salcomp has reached a shipment milestone of more than five million Enphase microinverters," said Sunil Thamaran, vice president and managing director, Enphase Energy India. "We appreciate the ongoing support from Salcomp and our mutual ability to deliver high-quality products. We thank them for being a strong partner and look forward to our continued collaboration."

Enphase IQ Microinverters leverage Enphase's unique software-defined architecture and semiconductor integration for excellent reliability and economies of scale. Enphase IQ Microinverters are subjected to a rigorous reliability and quality testing regimen, with more than one million cumulative hours of cumulative power-on testing, in the aggregate, to provide exceptional performance under heat, high humidity, salty air, extreme cold, and harsh climate conditions. Enphase's microinverters are designed to be long-lived energy assets and are backed by a limited warranty of up to 25 years, depending on the specific regional market.

"Enphase has an outstanding reputation for developing safe, reliable, and industry-leading solar technology," said Sasikumar Gendham, managing director, Salcomp India. "We are thrilled to collaborate with Enphase to bring its products to market and support the company's ongoing growth."

About Enphase Energy, Inc.

Enphase Energy, a global energy technology company based in Fremont, CA, is the world's leading supplier of microinverter-based solar and battery systems that enable people to harness the sun to make, use, save, and sell their own power—and control it all with a smart mobile app. The company revolutionized the solar industry with its microinverter-based technology and builds all-in-one solar, battery, and software solutions. Enphase has shipped more than 48 million microinverters, and over 2.5 million Enphase-based systems have been deployed in more than 140 countries.
