

## **Experience Enphase's Innovative Microinverter System at Solar Power International**

*Company to celebrate Millionth Microinverter milestone at Booth #2009*

**Petaluma, Calif.** – October 12, 2011 – [Enphase Energy](#) will provide a comprehensive experience of its innovative products and solutions at Solar Power International 2011, October 17-20, to be held at the Dallas Convention Center, Dallas, TX. Visitors will have the chance to interact with the cutting-edge Enphase Microinverter System and experience new enhancements first hand. Enphase will also hold a celebration of the shipment of its millionth microinverter, a significant milestone for the company.

Booth visitors will try their hand at installing microinverters for themselves on a life-sized demonstration array as well as experience a preview of Enlighten 3.0, which will get visitors hands-on with new monitoring and analysis features for large sites. A sneak peek at Enlighten Mobile, providing new social networking tools for system owners and a field toolkit for installers, will also be available for trial. Booth visitors will have a chance to further engage by signing up for Beta testing on both Enlighten 3.0 and Enlighten Mobile.

Also on display will be a portfolio of *Enphase Energized™* AC Module solutions, offered by some of the industry's leading brands, all based on Enphase's 215-Series microinverter technology.

Additionally, Enphase's expert trainers and professionals will be on-hand to help visitors get up-to-speed on installing Enphase in solar arrays large and small. They will share their insights and best practices garnered from on-boarding thousands of installers to the Enphase Microinverter System for both residential and commercial deployments.

### **Enphase Hosted Events at SPI 2011:**

- **Free Enphase technical trainings:** Multiple sessions to be held on Monday, October 17<sup>th</sup>. Register here: <https://enphasetraining.webex.com/>
- **Installation Competitions:** Daily head-to-head microinverter installation competitions on a life-sized array.
- **Happy Hour:** Beginning at 4:00 p.m. CDT on Tuesday, October 18<sup>th</sup>, Enphase will host a happy hour with cocktails, beer, wine, appetizers and music.
- **Lone Star Room:** At the SPI Block Party, the Enphase-sponsored room will feature fun activities, live entertainment and Texas-themed cocktails.

- **Ice Cream Party:** Open to all attendees, the Enphase booth will have a refreshing ice cream party around 3 p.m. CDT on Wednesday, October 19<sup>th</sup>.

To stay up to date with Enphase's activities at SPI, visit the [Enphase SPI event page](#), connect on [Facebook](#) and follow them on [Twitter](#).

### **About Enphase Energy**

Enphase Energy delivers microinverter technology for the solar industry that increases energy production, simplifies design and installation, improves system uptime and reliability, reduces fire safety risk and provides a platform for intelligent energy management. Our semiconductor-based microinverter system converts energy at the individual solar module level and brings a systems-based, high technology approach to solar energy generation.
